# INDIVIDUALIZED SPONSORED CONTENT SOLUTIONS IN PRINT AND ONLINE

➤ **Database Trends and Applications (DBTA)** magazine delivers a unique program to amplify vendor case studies, white papers, webcasts, “First Look” technical papers, and corporate profiles for IT marketers. This program combines six distinct marketing elements into one economical package that enables the creation and dissemination for both sales and marketing collateral use.

➤ **Participating companies receive the following comprehensive program:**

1. The editorial team for *Database Trends and Applications* will work with your organization to write a 650-word abstract or article. *DBTA* will write/edit/proof the draft of the article, lay out the article as a full-page advertisement, and obtain your final approval on all of the written deliverables.
2. A PDF of the full-page, full-color article will be created and delivered to your organization with full and unlimited electronic and print reprint rights extended by *DBTA*.
3. The article will run as a full-page, full-color advertisement in the next issue of *DBTA* magazine as a “Sponsored Content” advertisement.
4. The PDF will be posted for 6 months within the “Case Studies” section of *DBTA* Downloads (visit [www.dbta.com/CaseStudies](http://www.dbta.com/CaseStudies) or [www.dbta.com](http://www.dbta.com) and click “Case Studies” in the left-hand toolbar). All PDFs will reside behind a registration page that captures full contact information for each downloaded copy of the white paper abstract.

5. The PDF will be converted into an HTML document and blasted to *DBTA*’s 12,000-plus opt-into-third-party subscriber list in the month that the ad appears in the magazine, driving respondents to the PDF on the [www.dbta.com](http://www.dbta.com) website and building sales leads. Leads are delivered twice monthly.
6. *DBTA* will create a sponsorship message to be run in its email newsletters including the *5 Minute Briefing: Information Management*, *5 Minute Briefing: Data Center*, *5 Minute Briefing: MultiValue*, and *5 Minute Briefing: Oracle*. This message will run once in each of these newsletters and will announce the new Sponsored Content articles posted at [www.dbta.com](http://www.dbta.com) each month. Links back to the articles will be provided in the sponsorship message as well for added traffic to your advertorial.

➤ **The cost for all of this is just \$4,350 net.** The value of all of the deliverables separately is \$11,900. *DBTA* delivers the highest-quality writing promptly and without the kind of excessive hand-holding often required when using less-expert writing resources. Of course, the ability to obtain the written document, to use it electronically without impediment, and to produce advertising value and sales leads through the related media is an unparalleled opportunity to stretch sales and marketing dollars.
